

Sign In

Sign In

```
@Composable
```

```
fun SignInPage() {
```

```
    var userSignIn by remember { mutableStateOf("") } 
```

```
    var passwordSignIn by remember { mutableStateOf("") } 
```

```
    Column(
```

```
        modifier = Modifier
```

```
            .fillMaxSize()
```

```
            .padding(20.dp),
```

```
        verticalArrangement = Arrangement.Center,
```

```
        horizontalAlignment = Alignment.CenterHorizontally
```

Custom Button

```
<resources>
```

```
    <string name="app_name">ucbapp</string>
```

```
    <string name="signin_button">Sign In</string>
```

```
    <string name="signin_title">Sign In</string>
```

```
</resources>
```

```
Button(modifier = Modifier.fillMaxWidth(), onClick = { /*TODO*/ }) {  
    Text(text = stringResource(R.string.signin_button))  
}
```

Custom TextField

```
TextField(  
    label = {  
        Text(text = "User")  
    },  
    singleLine = true,  
    keyboardOptions = KeyboardOptions(  
        keyboardType = KeyboardType.Text  
    ),  
    placeholder = {  
        Text(text = "placeholder")  
    }  
)
```
